An act to add Chapter 7 (commencing with Section 8260) to Division 8 of the Welfare and Institutions Code, relating to homelessness.

LEGISLATIVE COUNSEL'S DIGEST

AB 2256, as amended, Maienschein. Homelessness: report.

Existing law provides for various programs to provide services for people who are homeless within the California Health and Human Services Agency.

This bill would require a homeless services ~~provider~~ *provider, as defined*, to submit ~~a report, as provided, an annual report~~ to the California Health and Human Services Agency that contains specified data regarding homeless children or youth and homeless persons. ~~The bill would define, among other things, a "homeless services provider" to mean a governmental or nonprofit provider that receives federal, state, or county or municipal funding to provide services to homeless children or youth and homeless persons or that is under contract to provide those services by a local homeless continuum of care organization.~~ The bill would require the data reported to the California Health and Human Services Agency to be published on the California Health and Human Services Open Data Portal.

By imposing new duties upon ~~certain local governments~~, *entities to report this data*, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. The Legislature finds and declares both of the  
2 following:

3 (a) The purpose of asking homeless services providers to submit  
4 the information required by this act is to develop a statewide  
5 database of information regarding homeless children or youth and  
6 homeless persons and the public services being used.

7 (b) The data will enable state and local governments to develop  
8 better programs to target the needs of these individuals and utilize  
9 funding and other resources in the most efficient manner.
